ABOUT

A design leader with 15+ years of experience bridging the gap between brand identity and business growth. Proven track record of scaling visual systems for B2B tech and healthcare, while independently building a digital community of 50K+ followers through strategic content creation and podcasting. Expert at navigating C-suite relationships and translating complex data into compelling, multi-platform stories.

EXPERIENCE

Creative Director

EnderHealth, Inc. - 2024 - Present, Remote

- **Executive Strategy:** Partner directly with C-suite leaders to translate high-level business objectives into scalable design initiatives that unify brand identity across digital marketing and product.
- **Operational Scale:** Architected advanced Figma workflows and brand libraries that expanded marketing output by 500% to meet aggressive OKRs without increasing headcount.
- **Financial Impact:** Reduced average project costs by 84% (\$2,186 to \$348) by restructuring the external design pipeline and optimizing the management of freelancers and agencies.
- **Cross-Functional Leadership:** Established a design-centric culture by integrating product and engineering stakeholders into the creative process, ensuring absolute brand consistency across end-to-end customer experiences.

Co-Host & Lead Creative

Out Loud & Laughing Podcast - 2025 - Present, Remote

- **Brand Ownership:** Designed the complete visual identity, including logo, social assets, and marketing collateral, resulting in a cohesive brand presence across website, YouTube, Meta and TikTok.
- **Audience Growth:** Orchestrated a content strategy that garnered over 50,000 followers through high-engagement social media assets and video editing.
- **Production & Editing:** Manage end-to-end podcast production for 100+ episodes using Riverside.fm and advanced video editing tools to deliver weekly high-quality episodes.
- **Executive Communication:** Conduct interviews with C-suite leaders and celebrities, leveraging high-level interpersonal skills to drive engaging, brand-aligned conversations.
